

CONTINUING EDUCATION

Physicians and Nurse Practitioners

Application for CME credit has been filed with the American Academy of Family Physicians. **Determination of credit is pending.**

This activity has been planned and implemented in accordance with the Essentials and Standards of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the University of Massachusetts Medical School (UMMS) and the National Association for Continuing Education. UMMS is accredited by ACCME to provide continuing medical education for physicians. UMMS designates this continuing medical education activity for up to 10.6 credits in Category I toward the Physicians Recognition Award of the American Medical Association. Each physician should claim only those hours of credit that he/she actually spent in the educational activity.

Program Summary

This program will provide Primary Care Physicians the opportunity to learn first hand from national thought leaders in their field. The goal is to provide a clearer understanding of several of the most common disease processes, in light of rapid scientific advances. By doing so, attendees will walk away with new insights and learn useful strategies to manage the challenges faced on a daily basis.

The Learning Objectives of this program are:

At the conclusion of this CME activity, the participant will be able to:

- understand basic concepts of how intravascular ultrasound has changed our understanding of atherosclerosis progression and utilize latest statin trial data to promote disease regression and decrease clinical events
- more effectively manage heart failure and understand indications and implications of biventricular devices and cardiac defibrillators
- properly assess pre and post operative bariatric patients and understand potential complications and comorbidities
- evaluate, diagnose and treat patients with Diabetic Peripheral Neuropathy

- critically evaluate data and determine appropriate treatment options for patients with osteopenia
- recognize risk factors for Hepatitis C and screen appropriately with a clearer understanding of treatment options available
- utilize the latest data to effectively treat patients with GERD, Barrett's epithelium, and extraesophageal manifestations of GERD
- understand the importance of pulmonary function testing (spirometry) and utilize the results in the diagnosis and treatment of COPD
- review national guidelines for the diagnosis, admission and treatment of patients with Community Acquired Pneumonia
- distinguish Depression and Anxiety from Bipolar Disorder, and utilize effective treatments available
- distinguish Mild Cognitive Impairment from Alzheimers dementia and utilize appropriate treatments based on the clinical features and stage of disease.
- evaluate, stage and manage patients with chronic kidney disease
- understand and utilize the immune response modifying agent imiquimod to treat common dermatological problems such as keloids, actinic keratoses and basal cell carcinoma

About the Speakers

Juan Aranda, MD

Associate Professor of Medicine
Division of Cardiovascular Medicine
University of Florida College of Medicine, Gainesville, FL

Jamie S. Barkin, MD, FACP, MACG

Professor of Medicine, University of Miami, School of Medicine
Chief, Division of Gastroenterology, Mount Sinai Medical Center

Brian Berman, MD, PhD

Professor of Dermatology and Internal Medicine
The University of Miami School of Medicine

Thomas Ferro, MD

Professor of Internal Medicine and Physiology in the Pulmonary and Critical Care Division of the Medical College of Virginia at Virginia Commonwealth University,
Medical Director of Pulmonary & Critical Care Research
McGuire VA Medical Center in Richmond, VA

Norman Gitlin MD

Professor of Medicine, Emory University, Atlanta, GA

Richard Kerensky, MD

Associate Professor of Medicine
Director of Cardiac Catheterization Lab
Director of Interventional Cardiology
Shands Hospital University of Florida

Walter C. Martinez, MD, FAAN

Director Memory Disorder Center
Director Premiere Research Institute
Associate Clinical Professor of Neurology at
Nova Southeastern University

Michael J. Ostacher, MD, MPH

Harvard Bipolar Research Program
Massachusetts General Hospital
Instructor, Harvard Medical School

Biff Palmer, MD

Professor of Internal Medicine
Nephrology Fellowship Program Director
UT Southwestern Medical Center, Dallas, TX

Yvonne Scherrer, MD

Medical Director/Director of Clinical Research
Centre for Rheumatology, Immunology and Arthritis
Fort Lauderdale, FL

Robert Tannenber, MD

Director, Diabetes and Obesity Center,
East Carolina University, Greenville, NC

Paul Wizman, MD

Medical Director Bariatrics
NorthWest Medical Center

Schedule

Saturday, August 20, 2005

- 7:30-8:00 Continental Breakfast and Registration
- 8:00-8:10 Welcome Remarks
- 8:10-9:00 Aggressive Treatment of Coronary Artery Atherosclerosis: Is Regression Possible – Richard Kerensky, MD
- 9:00-9:50 Integrating Advanced Heart Failure Management with the use of Cardiac Devices: Role of the Primary Physician – Juan Aranda, MD
- 9:50-10:10 Break/Vendor Area
- 10:10-11:00 Bariatric Surgery for the Community Physician – Paul Wizman, MD
- 11:00-11:50 Peripheral Neuropathy – Robert Tannenber, MD
- 11:50-12:40 Osteopenia – Yvonne Scherrer, MD
- 12:40-1:30 Lunch
- 1:30-2:20 Hepatitis C: An Approach to this Challenging Disease – Norman Gitlin, MD

- 2:20-3:10 Gastroesophageal Reflux Disease: Mechanisms and Current Trends – Jamie Barkin, MD
- 3:10-3:30 Break/Vendor Area
- 3:30-4:20 Spirometry and the Diagnosis of COPD –Tom Ferro, MD
- 4:20-5:00 Community Acquired Pneumonia – Tom Ferro, MD

Sunday, August 21, 2005

- 7:30-8:00 Continental Breakfast
- 8:00-8:10 Conference Update
- 8:10-9:00 Is it Depression or BiPolar Disorder? – Michael Ostacher, MD
- 9:00-9:50 Dementia – Walter Martinez, MD
- 9:50-10:10 Break/Vendor Area
- 10:10-11:00 Chronic Renal Disease – Biff Palmer, MD
- 11:00-11:50 Immune Response Modifiers: Emerging Indications – Brian Berman, MD
- 11:50-12:00 Conference Wrap Up
